## WASHINGTON NEWS.

**Spooner Philippine Bill Attacked by Senator Morgan.**

### MANY PENSION BILLS

**They Are Acted upon Favorably by the House, but Mr. Talbot Blocks Their Passage on Point of There Being No Quorum**

Washington, May 26.—Discussion of the Spooner Philippine bill was continued in the senate yesterday by Mr. Morgan of Alabama. On the general question of the ownership and government by the United States of the Philippine islands he was in accord with Senators Spooner and Lodge, but he regarded the pending bill as unwise and dangerous legislation because of the great power it placed in the hands of the president. He was satisfied, however, that the measure would not be passed by this congress, and declared that it was being used as a foil to thrust aside the Nicaragua canal bill.

Much of his speech was devoted to the canal bill and to denunciation of the efforts to prevent its enactment at this session.

Mr. Gallinger presented a conference report on the bill granting to Mrs. Guy V. Henry, a pension. The conferees reduced the amount of the pension from \$100 to \$75 a month. The report was adopted.

Mr. Morgan introduced a bill to punish crime against the United States not committed within a state. He said the bill seemed to unlock the difficulty the government was in now as to the extradition of an offender from the United States to Cuba. The bill was referred to the judiciary committee.

Mr. Allen called up the sundry civil appropriation bill, which carried \$65,812,930 or over \$4,000,000 more than the bill as it passed the house. Sixty-five of the 157 pages of the bill were disposed of.

Speeches in memory of Hon. Daniel Emmert, late a representative from Pennsylvania, closed the proceedings.

The house devoted two hours to the consideration of the Alaskan civil government bill without completing it.

The session from noon until adjournment was devoted under the rules, to private pension bills. Mr. Talbot of South Carolina, who abandoned obstructive tactics a few weeks ago, was again in evidence. After 190 bills had been favorable acted upon by the committee of the whole, Mr. Talbot blocked their passage in the house with the point of no quorum.

Mr. Talbot made an assault upon the manner in which the pension bills were rushed through. He cited the case of Arthur Dinsmore, an \$1800 department clerk for whose benefit congress recently passed a bill increasing his pension from \$24 to \$72 per month. Congress, he said, was so ashamed of its outrageous action after it discovered what had been done that the bill was recalled from the president after it had gone to him for his signature. Dinsmore was a private in the Third Michigan infantry.

Mr. Talbot charged that in addition to his government salary and pension he was drawing \$100 a month as secretary of one of the members of the invalid pension committee of the house—S. W. Smith of Michigan.

Mr. Gardner, of Michigan, who knew Mr. Dinsmore personally, gave the house a graphic description of his suffering. Every dollar of his pension money, \$24 a month, he said went to pay doctor bills.

### WILL BENEFIT TEXAS.

**Several Items Added to the River and Harbor Measure.**

Washington, May 25.—The senate committee on commerce has reported the emergency river and harbor bill. The general appropriation made by the bill was increased from \$200,000, to \$250,000, and the following additions of harbors, rivers, etc., of which surveys are to be made, were authorized:

Ouachita river, Arkansas, at Camden, with the view of improving the harbor. East bank of the Mississippi river from Hickman, Ky., to Slough Landing, Tenn., with a view to the construction of works to prevent overflows.

Continuing and completing the survey of the Ohio river for the purpose of locating locks and dams.

Galveston bay, Texas, with a view to widening and extending the house provision being only for deepening.

Brazos river, Texas, from its mouth to the city of Waco. The provision in the bill as it passed the house concerning the Eads contracts in the Mississippi jetties is stricken out and a substitute inserted authorizing the secretary of war to negotiate with the Eads heirs with a view of ascertaining the value of property owned by them

near the South Pass and to report to congress at its next session.

### Object to Armor Plate Clause.

Washington, May 26.—The conference of the two houses on the naval appropriation decided to report a disagreement on the armor plate of the senate, and also on the senate amendments relating to the terms of the Annapolis cadets and ocean and lake surveys. An agreement has been reached on all other items of the bill.

### CROSSED VAAL RIVER.

**Roberts Announces His Army Still Making Progress Toward Johannesburg.**

London, May 26.—Roberts announces that the British have crossed the Vaal river. This is probably Hutton's column which crossed at Parys and may be expected to make a dash at the railroad in the neighborhood of Potchefstroom, whence there is direct communication with Johannesburg. Hamilton's column is at Boschbank, which is close to the river, about eight miles northwest of Wolvehoek, Roberts' headquarters, and may be expected to also cross the Vaal river and create a diversion on the flank of any federal force in the neighborhood of Vereninging.

As Roberts has only about 15 miles to traverse, the speedy announcement may be expected that the British commander-in-chief has gained a foothold in the Transvaal and will reach the federal position south of Johannesburg in a week.

The same secrecy which shrouded the movements of the main army, envelop Methuen and Runder's columns, so probably the next official dispatches will show decisive movements of these wings. Runder ought to be close to Bethlehem by now and expect to hear of some decisive movement on Harrismith railroad in which part Buller's force will co-operate in the direction of Van Rensburg's Pass.

Should Pretoria bulletin announcing the re-occupation of Heilbron by the federals, turn out to be true it will be a totally unexpected development, as Jan Hamilton occupied Heilbron Tuesday and nothing has been heard of him since.

### PLAGUE SUSPECTED.

**Four Cases Supposed to Be in the Corral in the City of Manila.**

Manila, May 26.—The government corral at Manila has been quarantined. There are four suspected cases of bubonic plague among the teamsters who are living in filthy dwellings, which will be burned.

Since the murders on board Steamer El Cano by the native crew, coastwise captains, are fearful of repetitions of the tragedy and have requested the authorities to furnish soldier guards for their teamsters, which has been declined. Three commercial steamers are now in the bay, their Spanish captains refusing to sail until protected and others intend imitating them. The authorities have returned to the captains their revolvers of which they were recently deprived.

Colonel Padilla, the rebel governor of Nueva Ecija, captured during recent fighting at Nueva Ecija, is now in jail here.

### MAY BE DELAYED.

**Adjournment of Congress Depends upon Disposition of Several Bills.**

Washington, May 26.—The prospect that congress will be ready to adjourn on June 6 does not appear so favorable. In the opinion of Senator Allison, chairman of the committee on appropriations, the army, navy, postoffice and the District of Columbia appropriation bills are still in conference, and the sundry civil, military academy and general deficiency bills have not been passed by the senate.

There is an impression among some of the leaders in the house that the conference report on the District of Columbia bill is being purposely held back in order to force the house to accept an amendment, to which it is opposed by a large majority, and they declare that this purpose shall be defeated even if the consequence is a prolongation of the session. The amendment in question provides that \$100,000 be appropriated for the purchase of 10 acres of land as a site for a municipal hospital.

### ST. LOUIS STRIKE.

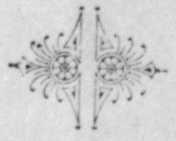

**Cars Taken Off on Account of the Lack of Police Protection.**

St. Louis, May 26.—Cars were running on most of the lines of the St. Louis Transit company during the early hours today, but taken off after 10 o'clock as the police, who had been guarding them were assigned for duty at the Democratic primaries. The board of police commissioners decided that the protection of the polls were more essential than running street cars. The consequence was the Transit company officials decided to take the cars off during the absence of police protection.

One fatality has resulted from the fusillade of shots fired in the riot Friday afternoon when three men wounded. Harry Potts, a striking motorman, was the victim. His is the fourth fatality since the strike began.

### Will Hold up Entrance.

New York, May 26.—Commissioner of Immigration Fitch sent one of his inspectors down the bay to board the Conard steamship Lucani and detain James Fitz Harris, nicknamed "Skin the Goat," and Joseph Millett, who were recently liberated from the English prisons, where they have been confined for alleged complicity in the Phoenix park murder since 1882. It is not yet certain whether these men are entitled to be admitted to this country. Their examinations will be conducted by regular officers at the barge office.

### Bill to Cover Neely's Case.

Washington, May 26.—Senator Morgan has introduced a bill giving the supreme court of the District of Columbia jurisdiction in the cases of persons "who shall commit a crime against the United States or a violation of the criminal laws of the United States not within a state."

The bill is intended to apply to crimes committed against the United States in Cuba.

The democrats believe they are  
certain to reclaim the Tenth con-  
gressional district this year. It  
is rumored that Hawley will not  
stand for another term.

The senate committee has favor-  
ably reported the emergency rivers  
and harbors bill to which is at-  
tached an appropriation for the  
survey of the Brazos from Waco to  
the gulf.

Everybody's Magazine for June  
is full of that sort of literature that  
is easy to read and hard to forget.  
The skilful admixture of informa-  
tion with interest, which is char-  
acteristic of the articles in this  
magazine is shown at its best.

A new postal rule that recently  
went into effect is that persons  
who, through carelessness or any  
other reasons, take mail from the  
office that belongs to another, and  
fail to return the same, are liable  
to a fine of \$500 or one year's im-  
prisonment. This applies to news-  
papers thus taken from the post-  
office as well as other mail. Look  
at your mail before you leave the  
office.

The only way to reduce the  
pension list is to publish the  
names of the pensioners. If the  
government will do this properly  
then public sentiment will do the  
rest. No greater burden was  
ever placed upon a people than the  
present pension tax, and it contin-  
ues to grow though thirty-four  
years have elapsed since the last  
gun was fired in the great struggle.

## AMY RANSOM.

To the Eagle: Amy Ransom  
is the daughter of Mrs. Ransom, a  
widow of Bethel. I take pleasure  
in stating after having taught  
Amy for two years that she pos-  
sesses a good intellect, good char-  
acter, and is as good a student as I  
have met during sixteen years ex-  
perience as a teacher.

She has had a poor chance to go  
to school. She lives about three  
or three and a half miles from  
school, and during bad weather at-  
tends school one or two days dur-  
ing a week. Under the circum-  
stances she nearly always heads  
her classes.

She and her mother work in the  
field, doing all kinds of farm work  
for a living. Last year they had  
just finished plowing out the mid-  
dles of their cotton when the flood  
came and swept it away, leaving  
but little to pay their debts with.

One day not long since I stated  
the above facts to Col. Edmonds of  
the A. and M. College. In an in-  
stant he said: "Can't you get that  
girl to our summer school at Col-  
lege?" and my reply was, "I will  
try."

My plan is the following: It  
will take something like \$50 to  
pay all expenses. I propose to be  
one of fifty persons who will give  
\$1.00 each for the purpose. All who  
will aid in this will please hand  
the amount to the Bryan Eagle or  
the Brazos Pilot. The names will  
be published and the money de-  
posited in the Merchants & Plant-  
ers bank to be used as above indi-  
cated.

If anything should happen to  
prevent the using of the money as  
stated we shall see that those who  
give the money for the purpose  
shall have it back.

D. J. McDONALD,  
Harvey, Texas.

The Eagle regards the plan as a  
most eminently worthy one and is  
pleased to announce that the fol-  
lowing amounts have already been  
contributed:

D. J. McDonald	1.00
Bryan Eagle	1.00
Brazos Pilot	1.00

## Proposals.

Sealed bids to supply the A. & M.  
College of Texas for the session of  
1900-1901 will be received at the  
President's office, College Station,  
Texas, until 2 o'clock p.m., Monday,  
June 4th, for 2500 cords of good mer-  
chantable wood delivered on the  
grounds subject to the approval of  
the president as to quality and  
measurement.

Also, at the same time and place,  
sealed bids will be received to sup-  
ply said College, for the session of  
1900-1901 with pork, beef and mutton.  
All the pork to be corn fed and the  
beef to be corn fed for the months  
of January, February, March and  
April. A certified check for  
\$250 must accompany each bid for  
wood and meat, to be forfeited to  
the College in the event the successful  
bidder fails to make a good and suf-  
ficient bond to carry out the contract  
if awarded to him. The right to re-  
ject any or all bids reserved.

W32 L. L. FOSTER, President.

## MR. TOOLE'S SUCCESS

Starts a Little Broom Corn Farm and  
Now Has Mississippi Farmers  
Raising it for Him—Mis-  
sissippi's Liberal Laws.

Baltimore, May 26.—On the verge of  
the fruit movement to Northern mar-  
kets much interest is being manifested  
in the south in the establishment of  
canning factories. The success of those  
already established in saving surplus  
fruit to become a profitable article of  
trade, has led to plans for additions to  
this industry. This is but one of the  
many manifestations here and there of  
the tendency in the south to diversifica-  
tion of crops. An example of the oppor-  
tunities opening for such diversification  
is given in a letter from Jackson, Miss.,  
in this week's Manufacturers' Record.

It says:  
"Several years ago an enterprising  
gentleman from Illinois, J. G. Toole,  
came to Jackson prospecting. He started  
a wagon factory in a modest way, and  
soon had an opportunity to dispose of it,  
which he did. Then, to the great sur-  
prise of all, he bought a tract of poor  
land north of the city, some sixty or sev-  
enty acres. It had been cultivated until  
there was very little left in the soil ca-  
pable of supporting a crop. Mr. Toole at  
once erected some inexpensive buildings  
and then prepared his land and put in a  
crop of broom corn, which was a decid-  
ed novelty in this section. In the fall  
he got some machinery, and harvesting  
his corn, began to turn out in small lots,  
a very good, durable quality of brooms.  
He found a ready sale for all he could  
make. He exhausted his home supply  
of home grown corn, and was compelled  
to buy in Illinois and Indiana.

"Last year he largely increased his  
acreage of broom corn, increased his ca-  
pacities and still could not supply the  
demand for his brooms. Again he had  
to go into northern markets and pay \$90  
a ton for the brush. This year he has  
gotten more land, and in addition has  
made contracts with a number of farm-  
ers in the vicinity, so he will be inde-  
pendent of the supply market, and he  
says he has almost the entire output of  
his factory for this year contracted for."

This example of the ability to make in  
industry, if enterprise and capacity  
seize the opportunity, is being duplicat-  
ed in Mississippi under the spur of re-  
cent liberal legislation. Within the  
past few days charters have been filed  
with the secretary of state for an oil and  
fertilizer mill at Kosciusko, for lumber  
and brick works at Norfolk, for turpen-  
tine, resin and naval stores plant at Tay-  
lorsville, for oil mill, gin, fertilizer  
works and ice factory at Macon, for saw  
and shingle mills at Glendora, for fur-  
niture factory at Vicksburg, for turpen-  
tine and naval stores plant at Hattiesburg,  
and a book bindery at Yazoo City.

The same spirit is displayed in other  
southern states. In addition to steady  
development of mineral properties and  
progress in the establishment of electric  
plants here and there, the announce-  
ments of the week of plans for indus-  
tries more or less advanced include the  
following:

Alabama—A 40-ton oil mill at West  
Huntsville, development of water power  
for manufacturing purposes at Alexan-  
der City, plow works and implement  
factory at Ensley City.

Arkansas—Lumber mill to develop  
15,000 acres of hardwood timber, cooper-  
age at Augusta, cotton mill at Helena,  
brick works at Jonesboro.

Florida—Forty-ton cotton oil mill at  
Tallahassee, ginners to handle sea  
island cotton and corn mill at Lake City,  
shirt factory at Tampa.

Georgia—Tannery and cotton mill at  
West Point; ice factory 50-ton capacity  
at Atlanta; flour mills at Greenbush,  
Kensington and Lafayette; cotton mills  
at LaGrange, Warrenton, Covington;  
cannery at Augusta; ginners and shoe  
factory at Eatonton; kaolin plant at  
Griswoldville.

Kentucky—Flour mill at Munford-  
ville; handle and spoke factory at Kent;  
foundry at Somerset; brewery at Padu-  
cah.

North Carolina—Flour mills at Ad-  
vance and Leicester; cotton mill at Hen-  
ry; furniture factory at Salisbury; ve-  
neer factory at Sanford.

South Carolina—Paste and photo-  
graphic supply factory at Columbia,  
lumber mill at Maxdeville, ginners at  
Jonesville, cotton mill at St. Matthews.

Tennessee—Cotton mill at Chatta-  
nooga, iron furnace at Rockwood.

Texas—Cotton compress at Smithville,  
cotton oil mills at Yorktown, Brenham,  
and Gatesville.

Virginia—Flour mills at Drakes  
Branch and Middletown, trunk factory  
at Manchester, spoke factory at Alexan-  
dria.

Cuba. The detail for the board is as  
follows: Major Walter Reed, and Act-  
ing Assistant Surgeons James Carroll,  
Aristides Agramonte and Jessie W.  
Lazear. The board will act under gen-  
eral instructions from the surgeon gen-  
eral of the army.

## SIEZES LAND IN THE CITY OF CHICAGO.

Capt. Streeter Takes Possession, Makes  
Entrenchments, Plants Gatling  
Guns and Defies All.

Chicago, May 26. — With an armed body of 20 men, two rapid fire guns and some barbed wire for making entanglements, Captain George Streeter today took possession of 186 acres of land on the lake front. After hoisting the United States flag his men threw up two entrenchments and planted in each one of the rapid fire guns. Captain Streeter claims to own the land, which were the title clear, would be worth between \$20,000,000 and \$30,000,000. The police are now trying to figure out a campaign to oust Streeter.

Shortly before noon blood was spilled before Captain Streeter's stronghold. The pickets thrown out by the occupants of the trenches discovered a party approaching from the direction of Lincoln park, consisting of Park Superintendent Redieski and Secretary Erby, reinforced by a policeman. Calls of "Halt!" failed to stop the park officials, who were bent upon finding out who was encroaching upon their grounds. A volley from the pickets' rifles quickly put to flight the investigating party, however, and one of the bullets struck a 14-year-old boy, Reuben Manly, in the right knee inflicting a severe wound. The park officials fled to the patrol box and turned in a riot call.

A force of 20 or 30 policemen, armed with revolvers and clubs, hurried to the scene. When the officer in command saw the display of Gatling guns being pointed his way over the entrenchments he ordered a retreat. The police immediately returned to the Chicago station where arrangements were made to arm them with Winchester rifles in an endeavor to capture the Streeter forces. Measures were then taken by the police department to meet what they expect to be the greatest battle between police and opposing forces since the Haymarket riot.

Chief Kiple was in favor immediately descending upon the Streeterites and placing them under arrest regardless of the consequences. Before this plan could be put into operation, however, city authorities decided to take no rapid steps and lay the whole matter before corporation counsel for interpretation of law.

Acting Mayor and Corporation Counsel Walker decided that in view of a decision by the supreme court of the United States land claimed by Streeter is territory of the state of Illinois and the city police forces could not legally precipitate in a battle with Streeters forces which had increased by an additional 50 men armed with rifles. Mr. Walker expressed the opinion that the matter could only be settled by the state authorities who control the park police, a large number of whom were stationed at Lincoln park. Streeter, it is said, will parley with the park police, but will not agree to abide by their wishes and to evacuate his fort.

In case of collision between park police and Streeter's men, city authorities will then lend their aid, and not until then.

An extremely fine point of law is involved in the case. Captain Streeter has issued a declaration of independence, setting forth his alleged rights to property, and served a copy upon the United States marshal of the district.

## Famous Duelist Dead.

Richmond, May 26.—Captain Page McCarty, one of the principals in the famous McCarty-Mordecai duel, is dead, the result of a long illness. The duel, which took place here in the spring of 1873, was one of the most celebrated since the civil war. McCarty and John B. Mordecai were both young men of good position. They had a personal encounter over a poem about a young woman, written by McCarty, at which Mr. Mordecai had taken offense. After an unsuccessful attempt to settle the matter by the friends of the two principals, the duel was fought. Both men were wounded, Mordecai dying of his injuries.

## FOREST RESERVES.

Superintendents Ordered to Plant Trees in the Burned Districts.

Washington, May 26.—Commissioner Binger Hermann, of the general land office, has issued an order instructing superintendents of forest reserves throughout the west to plant suitable saplings and trees where portions of the forests have been destroyed by fire. He is also making arrangements for the establishment of a telephone system which is to connect all the forest stations in certain districts, so that in the future, in case of a forest fire, help may be summoned immediately. The forest station near Pasadena, Cal., has been selected as the headquarters for the telephone system, and the experiment will begin early this summer.

New employees on the forest reserves will be required to pass an examination, the questions of which will relate to practical rather than theoretical botany. It is hoped by the increased care and effort to repair the injury done the forests of the United States by the fires of the last five or six years.

#### FRENCH AND BRITISH.

They Clash on the Island of Jersey Over South African War.

London, May 26.—Serious trouble is threatening between the British and French residents at St. Heliers, island of Jersey, owing to the pro-Boer attitude of the latter. There have been several collisions and Friday morning the troops were forced to charge with fixed bayonets to prevent the demonstrators from invading the French quarters. Thirty arrests were made.

The French consul has represented the situation to the British foreign office with the result that the latter has wired to the governor, Lieutenant General Hopeton, holding him personally responsible for the maintenance of order.

#### Convicted of Dynamiting.

Welland, Ont., May 26.—Karl Dullman, residence unknown; John Walsh and John Nolin of Dublin, Ireland, but latterly of Washington, D. C., and Richmond, Va., were convicted of having attempted to wreck lock 24 of the Welland canal and sentenced to imprisonment for life. They lowered two valves filled with dynamite with fuses attached alongside the lock, but the damage was trifling. The three were caught almost redhanded. No evidence was produced as to the motive of the men, although the crown claims that it was hatched by the Clan-na-Gael.

#### Whole Family Poisoned.

Bremond, Tex., May 26.—Ed White and family, who live in Falls county, had some bread left from dinner, which was placed in the safe and used for supper. After eating the bread some of the family complained that the bread was bitter. After supper the remnant of the bread was thrown to the dogs. Mr. White went to a school meeting, but soon returned very sick. Mr. White pulled through with difficulty. The dogs died. All is a mystery. The opinion prevails that poison was put in the bread during the evening.

#### An Old Settler Gone.

Austin, May 26.—John B. McChristian, a prominent planter of this county died on his plantation on Onion creek at the advanced age of 76 years. He was born in Tennessee and settled in Travis county in 1846. He took a prominent part in the political affairs of Texas during her infancy and was one of the movers for reannexation of Texas to the United States and was one of the first to cast a vote for annexation. He served in the civil war with the Confederates.

#### Must Pay Freight.

Austin, Tex., May 25.—Formerly the railroads of Texas made special low rates on material for churches, schools, etc. Recently a certain village contracted for a schoolhouse and asked for free transportation or a very low rate on the lumber to be used in its construction. The request was refused and the matter was taken up with the railroad commission. The line in question contends that the antirebate law now in effect prevents such favors.

#### Murdered by Whitecaps.

Searcy, Ark., May 26.—S. W. Jenkins, a negro school teacher, was shot and killed by whitecaps near West Point. Jenkins and another negro were suspected of robbing a store. They were called out in the night and waylaid by whitecaps. Jenkins took fright and started to run when one of the mob fired, killing him. The mob then tried to make the other negro confess, but did not succeed and let him go.

#### Escaped Convicts Captured.

Elmo, Tex., May 26.—Convicts, Gordon and Lednke, who jumped from a moving Midland train Wednesday near Quinlan, were captured here. They had entered a car of crossties which stood on the sidetrack and one of them was sleeping while the other watched. They had removed the chains and collars with which they were necked together when they jumped from the train. Both are long-term men.

#### Wright Named for Governor.

Antlers, I. T., May 26.—The Union party convention completed its labors and adjourned. Dr. E. N. Wright of Atoka, was nominated for governor on the first ballot, defeating his opponent, Tom Ainsworth of Spiro. The platform adopted was progressive. They ask that allotments be hurried up and that Uncle Sam keep faith with the Atoka agreement.

#### Train of Texas Durhams.

Laredo, Tex., May 26.—There was shipped Friday by fast freight to St. Louis a trainload of beef cattle raised and fattened on Webb county grass, which tipped the scales at an average of 1150 pounds. These cattle were Durhams and show the replacement of the Texas longhorn, which but a few years ago occupied this section of the country.

#### Fire in Red River County.

Paris, Tex., May 26.—J. C. Brinkley's store at Fulbright, Red River county, was destroyed by fire Friday morning. The origin of the fire is unknown. Insurance had been applied to for the amount of \$10,000, but the policy had not been issued. The store and contents were a total loss.

#### Lieutenant Elliott Sunstruck.

Washington, May 26.—Word has been received at the navy department that Lieutenant William P. Elliott died at Manila Friday of sunstroke. He was a native of Pennsylvania. His total sea service covered more than 25 years and exceeded that of nearly every officer in the navy.

#### Norfolk Won Out.

Milwaukee, May 26.—The Brotherhood of Locomotive Engineers elected J. D. Cousins as the third grand engineer. Norfolk, Va., was chosen as the next convention city. The convention will probably adjourn sine die early next week.

#### NO STATEMENT YET.

Experts Are Working on the Books of Price, McCormick & Co.

New York, May 26.—A force of expert accountants and clerks are at work on the books of Price, McCormick & Co., the brokerage house which failed Thursday, and indications are it will be a day or two before a statement can be prepared for the creditors.

Price, McCormick & Company was one of the largest brokerage houses in the city and the liabilities are estimated at \$13,000,000. The firm is a member of the stock, cotton and produce exchanges and of the Chicago stock exchange and has branch offices in about 30 cities throughout the United States. The failure is ascribed to the fact that the firm was long on cotton in the face of a fast falling market.

Theodore H. Price, head of the collapsed firm has announced that his marriage to Miss Eugenie Dyer, which was to have taken place Monday next in the Church of Epiphany, will occur tomorrow at the bride's residence in this city. There will be no bridesmaids, no maids of honor and no guests.

#### Road to Be Built to Guthrie.

Guthrie, May 26.—The signing by the president of the bill granting a franchise through the Indian Territory to the Fort Smith and Western railway insure Guthrie another railway line within a year. It is to run from Fort Smith, Ark., through the Choctaw and Creek nations and eastern Oklahoma to this city. The right of way through this country and ground for terminals here are already secured. The company has immense coal leases in the Choctaw Nation and the line will traverse a rich agricultural section, most of the distance without any other railway connection.

#### Windstorm at Throckmorton.

Throckmorton, Tex., May 26.—Another heavy rain fell here Thursday accompanied by a severe wind and a vivid electrical display. No damage was done other than that a few trees and out-houses were blown down. Reports from the country have not reached town and some anxiety is expressed for wheat and oats. Crops of all kinds are very promising and the farmers are fast clearing them of weeds.

#### Killed by Lightning.

Guthrie, O. T., May 26.—Near Hackberry, Woodward county, George S. Wood, a prominent cattleman, was killed by lightning. He was rounding up cattle upon horseback when a sudden flash of lightning out of a small black cloud killed both rider and horse.

#### Hogs Dying by Wholesale.

Paris, Tex., May 26.—H. S. Hudson of Howland reports hogs dying in large numbers in that community from some unknown disease which begins with a fever. He and his neighbors have lost about a hundred head within the past few days. The hogs are still dying.

#### Blackleg Near Lockhart.

Lockhart, Tex., May 26.—W. B. Stiles, a farmer and cattleman living a few miles east of town, reports blackleg among his cattle. Mr. Stiles says that he has lost three head out of his herd from this disease.

#### Killing in Montague County.

Montague, Tex., May 26.—James Hale, a tenant farmer near Hardy, was shot and killed with a target rifle. Dr. Martin, whose tenant Hale was, was arrested and placed under \$5000 bond pending an examining trial.

#### Store Fired by Burglars.

Palestine, Tex., May 26.—M. Avant's store at Tennessee Colony was robbed and burned. Mr. Avant carried a large stock of general merchandise. The store and contents were totally destroyed. Insurance \$3000.

#### Awaiting Conference Result.

Austin, May 26.—The railroad commission is anxiously awaiting the contents of the report to be presented by the subcommittee of the Chicago rate conference.

#### Poisoned by "Lemon Extract."

South McAlester, I. T., May 26.—John Grammar, a printer, and James Nickson died as a result of drinking lemon extract made of wood alcohol for a beverage.

#### Shot Himself in the Head.

Fredericksburg, Tex., May 26.—Chas. F. Priess, once a prominent business man, committed suicide by shooting himself through the head at his home.

#### Found Dead in a Field.

Bryan, Tex., May 26.—A negro, whose name is given as Pomp Trammell, was found shot and killed in a field near Edge, officers are investigating the case.

#### Killed in a Runaway.

Timpon, Tex., May 26.—Matthew Booth, the 15-year-old son of Jack Booth, was killed near here by a horse running away with him.

#### Priest Suicides.

Niagara Falls, May 26.—An unknown priest, supposedly from New York, committed suicide at the Whirlpool rapids.
